F.No.MAR/HM/NLP/2023/D.

Date:23/05/2023

**CIRCULAR – 01/2023**

Sub: Utilization of all vessel-related messages in NLP Marine – reg.

Ref: IPA letter no.IPA/CTD/Deliverable/NLP Marine/10/2022 dated 29.11.2022

It is observed that many NLP messages are not utilized by the steamer agents while submitting the vessel documents ONLINE. As per the directions received from IPA, all messages are to be fully utilized by the agents using NLP-marine for their vessels entering a port.

In view of the above, it is directed to utilize all the messages in NLP-Marine for any vessel arriving at VOC Port which includes the following-

1. Pre-Arrival Notification (as required by circular M/CIRC/D.327 dtd.25.04.2019)
2. Passengers / Crew list
3. Dangerous goods Notification (as required by circular VOCPA/DC/Circular/2022/D.155 dated. 31/03/2022)

Any failure to adhere to the above may result in the denial of entry for the vessel calling VOC Port.
