**TRADE NOTICE**

**Sub: Engaging Harbour Mobile Cranes at IX Berth**

As every user of the Port is aware, the Port has gone for upgradation of infrastructure by deploying HMC and provision of mechanized evacuation of coal, limestone and gypsum from Berth No.IX to stack yard for reducing the long waiting time of vessels carrying cargo with draught greater than 10.7 M by improving productivity and Turnaround Time of vessels. In the context of availability of single deep draught berth at 12.8 M and in the circumstances of arrival of increased number of deep draught vessels, all the users will appreciate the necessity to achieve higher output in all the bulk and break bulk vessels handled in the Port.

Therefore all the Stevedore / Steamer agents are informed to make use of the HMCs in the vessels handled at IX Berth in the overall interest of the trade. They are informed that the charges payable thereon as per TAMP approved rate shall be paid to the respective operator ie. to M/s. Imcola Crane Company for using HMCs and to M/s. Chennai Radha Engineering Works Pvt Ltd for evacuation of cargo from IX berth to conveyor stack yard.
