TRADE NOTICE

**Sub: Traffic diversion on Breakwater main road due to dredging of
Dock basin for coastal cargo berth**

Dredging work in the Coastal Cargo Berth is to be carried out from third week of November 2017 to end of Dec 2017.

2. In this project, the coastal berth Dredging area will be connected by pipeline to the material disposal area located south of the South Break Water near the CECRI building. Hence, the dredging pipeline will cross the road including the railway line near lash Jetty. During the time of laying of pipe line, the vehicle movement will be through the limited no. of lanes on the South Break Water road. During the course of dredging, no rail movement could be carried out. The entire dredging operations will be completed within 30 days time starting from the end of November 2017 till the end of December 2017.

Hence, all the Port users are requested to take note of this and co operate with the port for smooth traffic flow through the Port during the period of dredging.
