Renewal of leases beyond thirty years and for a maximum cumulative period of 99 years should be recommended by the Port Trust Board after satisfying itself that the same is required to be renewed and that the Port does not require the said land for its own use. Renewals will be granted through the Empowered Committee mechanism subject to the approval of the Government and renewals will be limited to a maximum cumulative period of 99 years.
- (c) In certain cases the lessee may require land for capital intensive investment like tank-farms, refineries etc. The Port, may at its option decide to fix the tenure of lease for a period which is more than 30 years. Such proposals are to be submitted with the recommendations of the Board to the Empowered Committee and Ministry for its approval. The Port in its land-use plan should identify land which can be allotted on long-term lease basis, i.e. for a tenure of 30 years and beyond.
- (d) Land shall be leased through tender -cum -auction methodology through a competitive bidding process over the reserve price of such plots which shall be the updated SoR notified by TAMP. At the tender -cum -auction stage, depending upon its financial requirement, the Port may decide to invite bids either on- (i) Upfront basis, where the bidding parameter is the one-time upfront payment offered by the bidder for the lease period and a nominal lease rent of Rs. One per square metre to be collected every year for the currency of lease period, or; (ii) Premium basis, quoted by the bidder over and above the Reserve Price in terms of the annual lease rent, calculated as per the provisions of para-13(b). While leasing out land on upfront basis, the Board shall fix the Reserve Price which would be the NPV of the sum total of annual lease rentals calculated as per Para 13(b), escalated annually at the rate approved by the Board as indicated in para 13(c). The discount factor would be the longest term G-sec rate as per the latest RBI Bulletin. In both cases, the Port shall keep equivalent of two years rentals as security deposit.

11.3. Renewal of Existing / Earlier Leases :

1. During the process of renewal of existing/earlier leases, the Port is required to differentiate between those lease-agreements that provide for renewal and those that do not provide for such renewal at the end of the lease-period. In cases of renewal of existing leases, without renewal option at the end of the lease-term, the land will be put to tender-cum-auction with the first right of refusal to be extended to the existing lessee. The existing lessee should be allowed to match the H-1 bid. If any structure has been constructed by the earlier lessee on the leased land, it would be valued by a third party valuer to be agreed upon by the Port Trust and the earlier lessee and the successful bidder has to remit the value of the structures which would be passed on to the previous lessee. The bidding and auction would be only on the reserve price of the land. With a view to dissuade non-serious bids, EMD for a valid bid should be fixed at 10% of the latest SoR of the land being put on tender. If the only bidder is the existing lessee, the annual lease rental would be determined on the basis of the latest SoR notified as per Para 13(c) or the price quoted by the existing lessee in the tender-cum-auction, whichever is higher. The provision of first right will also apply to expired lease (possession has been taken by the Port) also in addition to existing leases.
- (h) After the expiry/termination of lease and despite receiving the notice thereof, or forfeiture of lease on account of change of user, assignment etc., if the lessee continues to occupy it unauthorisedly, the lessee shall be liable to pay compensation for wrongful use and occupation at three (3) times the annual lease rent based on the latest SoR, till vacant possession is obtained by the Port. In cases of land allotted on upfront basis, the equivalent annual lease rent would be calculated on pro-rata basis.
- (i) For existing leases, at the time of expiry/termination of lease, the lessee shall remove all structures at his own cost under the following conditions:
 - a. Within three (3) months of expiry/termination, if Port decides not to re-auction that land; or,
 - b. Three months after tender-cum-auction, if the existing lessee was not successful.

Beyond this period, the lessee shall be liable to pay compensation for wrongful use and occupation at three (3) times the annual lease rent, till vacant possession is obtained. In cases of land allotted on upfront basis, the equivalent annual lease rent would be calculated on pro-rata basis. If the Port so decides, for reasons to be recorded and approved by the Port Trust Board, it may also take over the structures after third party valuation of the assets with the concurrence of the lease holder. In case removal of structures is to be carried out by the Port, it would be at the cost of the lessee.

12. **General- Applicable to existing and new leases:**

(A) The lessee may be allowed to transfer the lease as per extant laws after obtaining prior approval of the Board of Trustees provided the transferee takes over all the liabilities of the original lessee/ allottee. Such transfer shall be for the remaining duration of the lease and in accordance with the Land Use Plan of the Port. Before allowing such transfer, the Port shall recover:-

(i). In case of leases granted on upfront basis

In case of those lands which were originally given on lease on upfront- rental basis, the transfer as per extant laws may be allowed subject to the transferee agreeing to pay the following:-

- (a) An undertaking for payment of the upfront rental as calculated on pro-rata basis for the balance period; and
- (b) A fee equal to 50% of the pro-rata upfront rental payable upto the time of transfer.

(ii). In case of leases granted on annual lease rent basis

In case of leases granted on annual lease rent basis transfer may be allowed subject to:-

- (a) An undertaking for payment of the annual lease rental for the balance period, and
- (b) A fee equivalent to 50% of the total lease rent payable by the original lessee upto the time of transfer.

Clarifications on Policy Guidelines for Land Management, 2015 (PGLM,2015)

Clarification 16:

No subletting/sub-leasing is allowed for leases given after 2014 as per PGLM 2015. However, subletting /sub-leasing shall be permitted in case the land has been allotted to entities such as FTZ/SEZ Multimodal Logistic parks, Mega food parks, Free Trade Warehousing Zones etc., where the business model is based on subletting . In such cases no subletting fee shall be levied. The issue of whether the business model is based on the subletting or no may be decided by the respective Boards of Ports.
