TRADE NOTICE

Sub: Declaration of vessel particulars during Voyage Registration – reg.

-------

It is noticed that some geared vessels are declared as gearless vessels, which affects the overall planning and productivity as there are constraints in shifting the gearless vessels from Berth No IX to other berths. Therefore, the Steamer Agents are hereby requested to declare the vessel particulars correctly during voyage registration.

Further, a geared vessel even if declared as gearless shall be treated as geared vessel and acted upon.
