TRADE NOTICE

Sub: Revised parameters for handling container vessels at VOCPT - reg.

To facilitate handling of larger size container vessels at Berth No.VIII with the existing infrastructure, VOC Port Trust is pleased to inform the following revised parameters for handling large container vessels at VOC Port.

1. Maximum Length over all - 310 m
2. Maximum Beam -48 m
3. Maximum Draft - 13.5m

Initially, it is proposed to handle the container vessels on trial basis and later on to continue the handling on a regular basis. The Shipping Lines are requested to take note of the permissible vessel parameters and fix their mainline vessels to call at VOC Port.

(Note: During the trial period, such vessels shall be handled only when the wind speed is below 20 knots and day light hours (preferably during early morning time)

This is issued in supersession of the earlier Trade Notice on vessel parameters accepted for Berth No. VIII.
