TRADE NOTICE

Sub: Exchange of Trade Related Documents and Information through PCS 1x - Reg.

One of the key initiatives by Ministry of Shipping under “Ease of Doing Business” is to exchange trade related documents and information electronically through the Port Community System (PCS), a centralized web based message exchange platform at national level encompassing the Indian maritime community, which has been in place since 2007.

A new version of PCS 1x has already been implemented and has gone live from 11.12.2018. During the course of implementation, it has been observed that the stakeholders are not fully exchanging the relevant messages through PCS 1x due to absence of mandatory requirements.

Hence, all stakeholders are advised to become an active part of the PCS 1x community and to transact 100% of the messages relevant to them mandatorily through PCS 1x.
